

## Who are we?

Located in the heart of the UK's Lock Industry and established in 1994, Master Key Systems MKS Ltd are a family owned business specialising in the design and manufacture of door cylinder locking systems for a range of specifications from large complex Academies, Schools or Care Homes to small HMO's.

## What do we do?

We design and build custom master key systems to your own requirements. We offer help and advice on how a master key system could benefit you and your property or properties.

We use the latest computerised key cutting technology which ensures accurate key cuts every time. Key & cylinder engraving is carried out on both laser and traditional machines all of which are computer driven.

## Coming soon

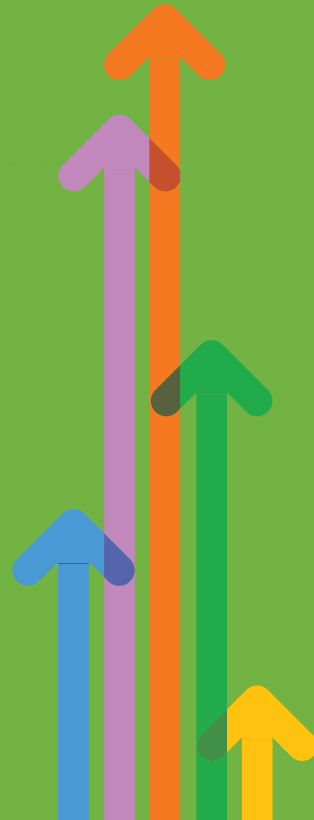

Exciting news we are expanding our product range please stay connected for more information.
